The Benefits of Long-Term Care Insurance

More people will one day need long-term care (LTC) services at home, in residential care or in a nursing facility — and the cost for care is rising.

Seven common myths of LTC

Yet many common myths surround LTC products and services. Perhaps you've heard (and even believed) these and others:

1. "A government program will take care of me."
2. "I can save the money I'll need for LTC services."
3. "Only old people need LTC services."
4. "I don't need separate LTC protection because I have health insurance."
5. "LTC protection pays for nursing home care only."
6. "I can't afford LTC insurance."
7. "We don't need LTC protection because we have each other."
